

BUSINESS GOES WHERE WATER FLOWS...

THERE IS WATER AVAILABLE IN THE ARIZONA DESERT!

Arizona Has Some Of The Best Water
Planning Policies In The Country!

Water is the MOST respected and precious resource in the desert. Arizona has been planning for growth with judicious water usage for over 100 years. Large manufacturers like Intel and TSMC operate successfully in the state, and YOU CAN TOO!

💧 The City of Maricopa is served by Global Water Resources with a state-approved DAWS — “Designation of Assured Water Supply.”

💧 Global Water Resources and the City of Maricopa have a proven, robust water supply for the next 100 years.
